10th OBS-GYNE CONGRESS

5–8 February 2018

Dear colleagues

Welcome to the Middle East's largest women's health event!

It gives me great pleasure to invite you to the 10th Obs-Gyne Congress, the premier annual scientific women's health meeting for the Middle East audience. Scheduled for 5 – 8 February 2018 at the Dubai International Convention and Exhibition Centre, this congress promises to satisfy all levels of scientific and clinical interest across the speciality.

As is our tradition annually, we have provided a focus on the key competencies for obstetrics and gynaecology practitioners throughout our plenary format. The agenda will feature specialised tracks on maternal, fetal medicine, gynecology and infertility. In addition, following on the success of our debate sessions last year, we have incorporated more controversial topics for the presenters and audience to debate giving delegates more opportunities for robust discussion during all four days!

The Scientific Committee has assembled an amazing group of international and local speakers to deliver 2018 updates to you. They will deliver the latest information and state-of-the-art practices that will better equip you to deal with the day's challenges in our speciality.

I look forward to welcoming you to another edition of the Obs-Gyne Congress in February 2018.

Kind regards,

Dr Saad Ghazal-Aswad
Obs-Gyne Congress Chair

Senior Consultant Gynecological Oncologist; Chief of Gynecological Oncology Division & Chair of Obstetrics and Gynecology, **Tawam Hospital, Al Ain, UAE**
